Currently pursuing a Post Baccalaureate Diploma in Computer and Information Systems at Douglas College, enrolled in the Co-op program with an expected graduation date of January 2026. With a background in Computer Applications, I have developed a strong foundation in front-end and back-end development through academic projects and a 3-month internship at Dynamisers Solutions, New Delhi. As an ambitious software developer, I am eager to leverage my technical skills and problem solving abilities to drive innovation and create impactful software solutions.

SKILLS

Programming Languages:	JavaScript, TypeScript, Go, Java, C#, .NET (basic)
Frameworks & Tools:	React.js, HTML5, CSS3, Node.js, REST APIs, MySQL, SQL Server, Git, Linux/UNIX, Neovim, AWS (basics)
Soft Skills:	Effective communication, problem-solving, collaboration

EDUCATION

Douglas College Computer and Information Systems — Emerging Technology Relevant courses:	New Westminster, BC January 2024–December 2025
--	---

- Data Structures & Algorithms, Multimedia Web Development (HTML/CSS/JS), Database I (SQL Server), Advanced Integrated Software Development (Java), Full-Stack Development, Introduction to mobile development (C#)

Guru Gobind Singh Indraprastha University Bachelor of Computer Applications <i>GPA: 8.2</i>	New Delhi, India August 2019–July 2022
---	---

WORK EXPERIENCE

Old Navy <i>Brand Associate</i>	Richmond, BC September 2024 - Present
---	--

- Collaborate closely within a diverse team to ensure efficient operations, demonstrating strong teamwork and effective communication.
- Quickly adapt to changing workflows and responsibilities, maintaining a positive and productive environment under pressure.

Dynamisers Solutions <i>Web Developer Intern</i>	New Delhi, India August 2023 – November 2023
--	---

- Collaborated closely in a cross-functional, agile environment to design, implement, test, and maintain responsive web applications using React.js, TypeScript, Tailwind CSS, and Node.js.
- Integrated an automated email notification system, enhancing client engagement and communication.
- Built role-based access dashboards to streamline internal operations.
- Collaborated closely with cross-functional teams using agile methodologies (Scrum) and contributed actively to continuous improvement by suggesting process enhancements and sharing knowledge.

PROJECTS

Vestiaría (E-commerce platform) <i>TypeScript, React.js, Tailwindcss</i> <i>CSIS 3380 – Full Stack Development with JavaScript / Team Project</i>	Under development
---	-------------------

- Built a full-stack e-Commerce platform using TypeScript, React, Express, MongoDB, and Tailwind CSS.
- Developed authentication, admin dashboard, and product management features.
- Implemented category-based navigation, search, and shopping cart functionality.

kissland.nvim <i>Lua</i>	https://github.com/ekasc/kissland.nvim
---------------------------------	---

- Created a Neovim theme in Lua to enhance readability and reduce eye strain.

Portfolio <i>Next.js, TypeScript, Tailwindcss</i>	https://ekasc.dev
--	---

- Designed a modern portfolio website using Next.js, featuring a sleek monochrome design to showcase projects and skills effectively.
